

CIRCLE THE PEAK

Led by James Hurd Nixon

Join a gathering and a walking meditation around the peak of Mt. Tamalpais, honoring Mt. Tam, where the Planetary Dance began, and the history of the Planetary Dance, particularly the roles of the legendary dancer Anna Halprin and the renowned Huichol shaman Don José Matsuwa. In the walking meditation, we will pursue some of the lessons that the past, the present, the future, and that which is beyond time have to teach us.
